

# GRANITE WELLNESS CENTERS' MAT PROGRAM

Medication Assisted Treatment (MAT) is one way to help those with opioid use disorders recover their lives. MAT is a whole-person approach that provides effective treatment for opioid use disorders. MAT combines FDA-approved medications (Buprenorphine & Naltrexone) to treat opioid use disorders along with counseling and behavioral therapy. MAT does not replace one addictive drug with another. It provides a safe, controlled level of medication to overcome problem use of opioids.

## GWC MAT PROGRAM PROVIDES:

- Assessment for Opioid Use Disorder
- Individual and group SUD (substance use disorder) counseling
- Warm line text/call support (530) 388-0359
- Quick access to our MAT services

## PROGRAM HOURS

Wednesdays 9am-4pm

12183 Locksley Lane, Suite 101  
Auburn, CA 95602

(530) 885-1961
